

# Empathy Map: Underwriting Credit Analyst

VANGUARD CREDIT AUTOMATION | ACADEMIC PROJECT TRACK DELIVERABLE

## 1. Says

'I have hundreds of applications pending review and I can't keep up with our SLA targets.'

## 2. Thinks

'If I rush, I might approve a high-risk applicant who will default on their credit card. There must be an automated way to screen profiles.'

## 3. Does

Manually checks credit history registers, income receipts, debt ratios, and compiles Excel compliance logs.

## 4. Feels

Stressed during peak application seasons, worried about default risk and regulatory compliance issues.
