

Customer Journey Map

VANGUARD CREDIT AUTOMATION | ACADEMIC PROJECT TRACK DELIVERABLE

1. Discovering Pre-Qualification

Action: Customer navigates to the bank website to check eligibility.

Feeling: Anxious about hard inquiry credit score penalties.

2. Completing Prequalification Wizard

Action: Customer inputs basic details (income, tenure, DTI).

Feeling: Assisted by step-by-step progress bars and clear hints.

3. Application Screening (Analyst Portal)

Action: Credit analyst views scored candidates, contributions, and logs.

Feeling: Confident, supported by model contribution explanations.

4. Batch Compliance Scans

Action: Compliance officer uploads bulk CSV sheets to detect delinquency history violations.

Feeling: Reassured by instant rule-based validation overrides.
